

# REPORT TRANSFER OF RELIEF FUND

More Than \$17,000 of "War Chest" Money Goes to Welfare Association.

More than \$17,000 has been transferred to the newly organized Welfare association by the directors of the Patriotic and Civic Relief Fund association, known as the "War Chest," together with the accounts, records and unpaid subscriptions of that organization.

In the absence of the president, Rev. John Cavanaugh, A. R. Erickson, acting president, has issued the following financial statement of the war chest as of Oct. 31:

Total pledges ..... \$447,818.69  
Total collected ..... 316,529.23  
Total payments ..... 332,161.47  
Total expenses, minus interest received ..... 11,118.48  
Cash on hand ..... 17,249.28

A large part of the cash on hand was reserved by the war chest for payment to the local chapter of the American Red Cross as required, and such payments will be made by the directors of the Welfare association, who are assuming responsibility for the disbursement of the cash on hand as well as for the collection of such unpaid subscriptions as are collectible, they having expressed themselves as willing and desirous to assume the responsibility.

The receipt of the fund from the war chest by the Welfare association brings the total amount of their chest for this year up to approximately \$170,000.

**WOOD SALE.**  
**SATURDAY, DEC. 13, 2 P. M.**

A. M. KIRKLEY. 6542-13.

# NEIGHBORHOOD IS ASTONISHED

Mrs. Arnold Was Down To Only Seventy-Five Pounds But Now Is Picture of Health.

"My wife and I have both put Tanlac to test and found it to be the greatest medicine we ever ran across," said James E. Arnold, of 705 First avenue, Peoria, Ill., recently, in one of the most sensational statements yet published in connection with the Premier Preparation.

Indeed, Mr. Arnold's statement is so remarkable as to be almost incredible, and realizing this fact, he refers anyone who may wish to verify the facts, to his friends and neighbors.

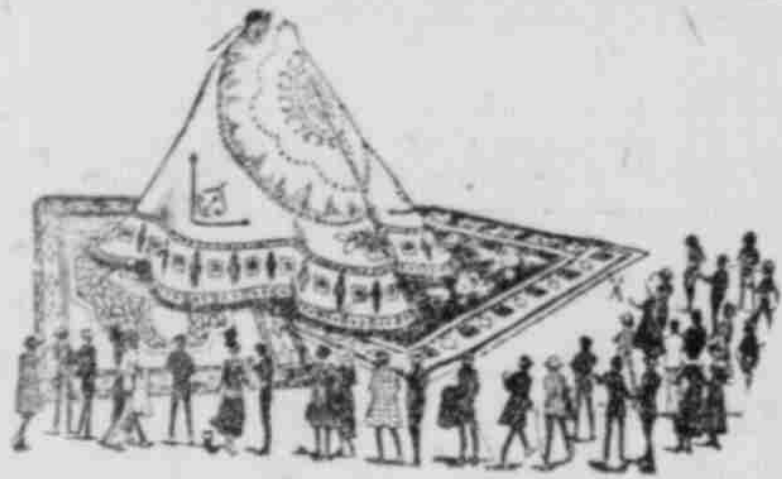

"My wife really has more to say for Tanlac than I have," he continued, "for she was in much worse shape. She had suffered for ten years or more, with her nerves which were so shattered she would get out of bed at night and sit up for hours. Her kidneys and bladder had bothered her for a good many years and she had become a complete nervous wreck. I have seen her with such fearful pains in her back that she couldn't get out of bed without help and, for a long time, she was unable to raise her hands and comb her hair on account of those awful pains. She had tried so many medicines without results that we both got clear out of heart. Then, last winter, while the flu was raging she was taken with that, followed by pneumonia, and I could see no hope of her recovery. They took her to a hospital where she stayed for eight weeks right at death's door. She weighed only seventy-five pounds, was just a frame of skin and bones, and hadn't the color of blood in her face. We sent for her relatives because neither she nor anyone else thought she could live long. She could neither eat or sleep and was in agony from pain all the time.

"One day a friend of mine told me how Tanlac had built up his wife so wonderfully that I bought six bottles for Mrs. Arnold. She stopped everything else, began taking Tanlac, and the results have been nothing less than astonishing. Just ask our friends and neighbors, they all knew what Tanlac has done to her and will tell you that she is now the very picture of health. She now weighs better than one hundred and thirty pounds, never has a sign of nervousness or feels a pain, and is as happy as anyone could be.

"Now as to my case: I had not eaten a meal in twenty years but what would cause me trouble. I would float all up with sour gas and at times have the worst kind of cramping pains in my stomach. I had not been able to get a good night's sleep or do a full day's work in years. My strength would leave me in the middle of the day and work was a burden to me. I had been laid up for several days at a time with sick headache.

"This is just the kind of misery I was in when I saw how Tanlac was helping my wife. So I began taking it myself and six bottles has made a well man of me. I feel ten years younger, eat just anything, sleep like a log at night, and weigh thirty pounds more than I did the day I began taking Tanlac. I can now do my work with no drug and Tanlac has meant so much to my wife and I both that we will never be able to express our heartfelt gratitude. It has made life altogether different for us."

Tanlac is sold in South Bend by the Central Drug Store, and in Mishawaka by the Red Cross Pharmacy.
